SIGNIFICANT OUTCOMES AND PUBLISHED CASES:

Exemplar Significant Outcomes:

- Business Litigation: Battling back a default judgment of \$28,000,000.00 after being brought in for a "Hail Mary" pass when another firm allowed terminating sanctions to enter. Schlesinger Conrad redesigned the defense strategy and kept judgment from entering against these high-profile clients.
- Trade Secret: Schlesinger Conrad took on one of the largest mining companies in the world and obtained a trade secret settlement of nearly \$1,000,000, while spending just over \$2,500 in costs.

- Consumer/Credit Reporting: On behalf of a couple from Tucson, Arizona, Kira fought national credit reporting companies and obtained a settlement in the high five figures, and also forced the reporting companies to correct credit errors on the clients' credit reports.
- Insurance Bad Faith: Schlesinger Conrad obtained a high five-figure insurance settlement following a theft from a self-move van, even though there was little evidence of the value of the stolen items.
- Insurance Bad Faith: Schlesinger Conrad was able to obtain a confidential settlement for her clients after a strip-mall fire wiped out all other businesses at the mall, while barely touching the client's business. Settlement was based upon the lack of foot traffic after the fire.
- Insurance Coverage: After Plaintiff moved for inflated individual damages, Schlesinger Conrad proposed the winning argument, defeating coverage for the individuals. The policy was issued to the corporation, which suffered minimal damages, and Schlesinger Conrad was able to show that the individuals lacked standing.
